Preschool For Fall 2012 – Spring 2013

Preschool for Age 3

Research shows that children can benefit and actively learn in a hands-on environment from a very early age. Our preschool classes for 3 year-olds offer many different areas of interest to encourage various kinds of play, which is one of the most important aspects of a child's life! Other areas stressed include letters, numbers, colors, shapes and social skills. Children will be introduced to crayons, markers, scissors, paints and glue. A balanced combination of structured and unstructured activities - such as story time, singing, simple art projects and holiday celebrations - will be the basis of these programs. There are 3 payment options available. \$50 non-refundable deposit is included in the fee. (MK)

Preschool for Age 4

Our older preschool classes are the stepping stones to Kindergarten. Children will cover recognition and printing of the upper- and lower-case alphabet letters. They will memorize their telephone number, address and birthdate. Our structured programs will put emphasis on kindergarten-readiness skills, including numbers, colors and shapes that will be learned through games and group activities. Craft projects, singing, playtime, and holiday celebrations will also be included in these classes. There are 3 payment options available. \$50 non-refundable deposit is included in the fee. (MK)
