

United States Figure Skating "Learn to Skate" It ALL starts with skating!

Location: Ice Arena

The purpose of our classes is to create a positive, fun and healthy environment for skaters of all ages and abilities. We strive to inspire in participants a sense of personal accomplishment along with a life-long passion for skating, while challenging each student to reach their full potential. From three year olds to adults, our lessons provide you with the foundation for Figure Skating classes, Hockey or Recreational skating. Lessons are presented in a logical progression whereby a skater builds upon skills achieved in the preceding level. After showing proficiency of the skills in one level, a student may proceed to the next. Although taught in a group atmosphere, each skater is different and progresses at his/her own pace. Therefore, some classes may need to be repeated to master all skills. Our curriculum works in conjunction with both the United States Figure Skating (USFS) Basic Skills Program and the International Skating Institute (ISI) "WeSkate" program. (tl)
