To: Board of Park Commissioners  
Citizens / patrons of the Oak Lawn Park District

The comprehensive annual financial report of the Oak Lawn Park District for the fiscal year ended April 30, 2021, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects, and is reported in a manner that presents fairly the financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Oak Lawn Park District. We believe that all disclosures necessary to enable the reader to gain an understanding of the District's activities have been included.

The comprehensive annual financial report is presented in three sections: introductory, financial and statistical. The introductory section includes this letter of transmittal, the District's organization chart, a list of the principal officials and the Government Financial Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting. The financial section includes the basic and fund financial statements and the required supplemental information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter and should be read in conjunction with it.

This report includes all funds of the District. The District provides a full range of recreation, and well-being services. These services cover a broad spectrum, including; early childhood, youth, adult, senior and athletic and recreational programs, special event programs, fitness and aquatic facilities, recreation programs for individuals with disabilities, theatre productions, and a historical museum. The District manages 176.8 acres of open space for the benefit of our patrons.

The Oak Lawn Park District is located in southern Cook County, and is 14 miles southwest of downtown Chicago. Presently, the District consists of 8.6 square miles in the Village of Oak Lawn with an estimated population of 55,000.

### FINANCIAL INFORMATION

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable assurance that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

#### Budgeting Controls

Budgetary controls are maintained to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the District's governing body. Activities of the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Fund and Enterprise Funds are included in the annual budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the individual fund level. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

#### Board of Commissioners

Lisa Boland | Jim Buschbach Jr. | Mary Pat Coughlin | Ryan Donahue | Daniel Johnson

**Park District**  
www.olparks.com

The budget philosophy of the District is to provide a balanced budget that meets the overall leisure needs of the community. This is accomplished by a combination of user fees, tax dollars, interest income, other miscellaneous income, and the use of reserves as necessary.

### **Long-term Financial Planning**

As of April 30, 2021, the District had a one-year debt issue outstanding, a 2020 short-term general obligation limited bond of \$2,149,185. Payment of that bond will be made from pledged taxes with the balance used for long-term capital improvement projects. The District follows a "pay as you go" philosophy to fund capital projects and will issue long-term debt as needed to fund major projects.

### **Cash Management**

Cash reserves during the year were invested in certificates of deposit with maturities of 90-days to 3- years and money market account. The District's investment policy is to minimize market risks while maintaining a competitive yield on its investments to fund operations and capital projects with adequate working capital. Accordingly, all of the deposits were either insured by federal depository insurance or collateralized.

### **Risk Management**

The District is a member of the Park District Risk Management Agency (PDRMA), which is a risk management cooperative unit of park, forest preserve and special recreation districts that provides property, general liability, automobile liability, crime, boiler and machinery, public officials' and workers' compensation insurance coverage to its members. As a self-insurance administrator, the members pay their insurance premiums to PDRMA for their insurance coverage. PDRMA allows the District to share its insurance risks with other districts, which in turn share their risks with the District.

### **Independent Audit**

Statutes require an annual audit by independent certified public accountants. The District utilizes the accounting firm of Lauterbach & Amen, LLP. The auditor's report on the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information is included in the financial section of this report.

### **Awards and Accreditations**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended April 30, 2020. This was the twenty-third year that the District has received this prestigious award. In order to be awarded a Certificate of Achievement, the District published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for one (1) year. We believe that the current comprehensive annual financial report continues to meet or exceed the Certificate of Achievement Program requirements. We are submitting it to the GFOA to determine its eligibility for another certificate.

The District has also been awarded with agency accreditation by the Commission for the Accreditation of Park and Recreation Agencies (CAPRA) in 2008, 2013 and again in 2018. In order to keep the accreditation active, the process has to be repeated every five years. The CAPRA award is one of the highest honors that park and recreation agencies can receive. The District is one of approximately 120 agencies in the country that have achieved CAPRA accreditation.

The District also received the Distinguished Agency Award in October 2004, again in 2010, and most recently in 2015. Out of over 357 agencies in IPRA (Illinois Parks & Recreation Association), less than 12% have received Distinguished Agency status. Only 44 other park districts, SRA's (Special Recreation Associations) located in Illinois are Distinguished Agencies.

## **INDEPENDENT AUDITORS' REPORT**

July 22, 2021

Members of the Board of Park Commissioners  
Oak Lawn Park District  
Oak Lawn, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Oak Lawn Park District, Illinois, as of and for the year ended April 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Oak Lawn Park District, Illinois, as of April 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Oak Lawn Park District, Illinois' basic financial statements. The introductory section, other supplementary information, supplemental schedule, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information and supplemental schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

# OAK LAWN PARK DISTRICT, ILLINOIS

## Management's Discussion and Analysis April 30, 2021

---

The Oak Lawn Park District's Management's Discussion and Analysis (MD&A) provides an overview of the District's financial activities for the year ended April 30, 2021. Please read it as a narrative introduction to the financial statements that follow. The information included here should be considered along with the transmittal letter in the Introductory Section of this report. This report is designed to assist the reader in focusing on significant financial issues, provide an overview of the District's financial activity, identify changes in the District's financial position, identify any material deviations from the approved budget, and identify individual fund issues or concerns.

The MD&A is an element of the reporting model adopted by the Government Accounting Standards Board (GASB) in its Statement Number 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

### FINANCIAL HIGHLIGHTS

#### Government-Wide Financial Statements

- The District's total revenues exceeded total expenses on the accrual basis of accounting by \$1,948,855 for the year, which increased total net position by 4.6 percent from the previous year. Governmental activities' net position increased by \$2,053,467 or 7.1 percent as a result of increases from property tax receipts and savings from other cost cutting initiatives, while net position of business-type activities decreased by \$104,612 or 0.8 percent for the year.
- The District's Equalized Assessed Valuation (EAV) was not available from Cook County Clerk's office prior to publication of this report.

#### Fund Financial Statements

- Combined property taxes collected were \$6,272,821, compared to the prior year of \$6,099,201, for an increase of \$173,620 or 2.8 percent.
- Governmental funds reported combined ending fund balances of \$4,845,770, an increase of \$2,376,931 or 96.3 percent from the prior year.
- The District spent \$1,182,106 on capital outlays in the fiscal year 2021.

### USING THIS ANNUAL REPORT

Management's Discussion and Analysis introduces the District's basic financial statements, required supplementary information, and supplemental information. The basic financial statements include three components: government-wide financial statements, fund financial statements, and notes to the financial statements.

# OAK LAWN PARK DISTRICT, ILLINOIS

## Management's Discussion and Analysis April 30, 2021

---

### USING THIS ANNUAL REPORT – Continued

#### Government-Wide Financial Statements

The statement of net position and the statement of activities together comprise the government-wide financial statements. These statements are designed to emulate the private sector, in that all governmental and business-type activities are consolidated into columns which add to a total for the District. These statements provide a broad overview, with a long-term focus of the District's finances as a whole, and are prepared using the full accrual basis of accounting. This means all revenues and expenses are recognized regardless of when cash is received or spent, and all assets and liabilities, including capital assets and long-term debt, are reported at the entity level.

The statement of net position presents information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

The statement of activities is focused on both the gross and net cost of various activities (including governmental and business-type), which are supported by the District's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or the subsidy to various business-type activities.

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, recreation and interest on long-term debt. Business-type activities reflect the District's private sector-type operations (Stony Creek golf and clubhouse, Ice Arena hockey and figure skating, and Racquet Center tennis, fitness and gymnastics), where the fee for services typically covers all or most of the cost of operation, including depreciation.

The government-wide financial statements are presented in the financial section of this report.

#### Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported, while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report. The District has two kinds of funds:

### USING THIS ANNUAL REPORT – Continued

#### Fund Financial Statements – Continued

##### **Governmental Funds**

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different, with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financial requirements of governmental programs and the commitment of spendable resources for the near-term. The basic governmental fund financial statements are presented in the financial section of this report.

##### **Proprietary Funds**

Proprietary funds include our enterprise funds, and account for activities that are operated much like private-sector business, in that fees charged to customers are meant to cover their costs. Like the government-wide statements, proprietary fund statements are presented using the full-accrual basis of accounting. Enterprise funds encompass the same functions reported as business-type activities in the government-wide statements.

Proprietary fund statements provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements, but with more detail for major enterprise funds. The basic proprietary fund statements are presented in the financial section of this report.

##### **Reconciliation between Government-wide and Fund Statements**

Since the government-wide statements focus on the long-term and the governmental fund statements focus on the short-term, a comparison between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives. Following are some of the major differences between the two statements:

Capital asset and long-term debt are included on the governmental-wide statements but are not reported on the governmental fund statements.

# OAK LAWN PARK DISTRICT, ILLINOIS

## Management's Discussion and Analysis April 30, 2021

---

### USING THIS ANNUAL REPORT – Continued

#### Reconciliation between Government-wide and Fund Statements – Continued

Capital outlay spending results in capital assets on the government-wide statements but is considered expenditures on the governmental fund statements. Bond proceeds result in liabilities on the government-wide statements but are other financing sources on the governmental fund statements, unless they are considered short-term debt.

#### Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements can be found in the financial section of this report.

#### Required Supplementary Information (RSI)

Following the basic financial statements is the schedule of funding progress for the Retiree Benefit Plan (RBP), which provides information on how the District is meeting its obligations to current and future retirees. Also included within RSI are the Illinois Municipal Retirement (IMRF) Fund multiyear schedule of changes in net pension liability/(asset) and related ratios, and the IMRF multiyear schedule of contributions.

#### Other Supplemental Information

In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information showing budgetary comparisons of Debt Service, Capital Projects, Enterprise, and nonmajor funds.

The largest portion of the District's net position, \$41,900,207, reflects its investment in capital assets (e.g., land, buildings, machinery and equipment) less any related debt used to acquire these assets that is still outstanding. A small portion of the net position, \$733,682, is restricted for liability insurance and audit purposes, and the remaining balance of net position is considered unrestricted of \$1,772,706, which may be used to meet the government's ongoing obligations to creditors.

The business-type activities have an unrestricted net position of \$17,941; last year the business-type activities had a deficit balance of \$23,321 for unrestricted net position.

The business-type activities consist of the Stony Creek, Ice Arena and Racquet Fitness Center combined into one Facilities fund. Total business-type activities revenues decreased by \$406,491 or 12.4 percent in the current year as compared with the previous year, while total operating expenses also decreased by \$607,247 or 17.0 percent. The result is a total operating loss of \$104,612, compared to total operating loss of \$305,368, prior to transfer out of \$150,000 last year. The decrease in the business-type activities is due to periodic state-mandated restriction of normal operations during the year.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

##### Governmental Activities – Continued

- Property taxes in the governmental activities increased by \$173,620 and Replacement Taxes decreased by \$10,580. The extended tax levy improved by 2.4% in the 2019. The Equalized Assessed Valuation (EAV) for 2020 is not available.
- Charges for Services decreased by \$1,552,258, or 55.4% due to the state-wide shut down as a result of the COVID-19 pandemic.
- Public Grant revenue decreased by \$65,896 and there were no new grants during the fiscal year.

The total expenses decreased by 27.8%, or \$2,652,523, to \$6,874,622 in 2021, from \$9,527,145 in 2020.

- Debt service costs decreased by 29.2 percent from \$59,422 in 2020 to \$42,086 in 2021, as the District retired the Series 2019 general obligation limited tax park bonds.
- Salaries and wages decreased by 27.8 percent from \$3,807,939 to \$2,747,528; due to furloughs of part-time and seasonal staff and implementation of the IMRF Early Retirement Incentive plan undertaken in response to the state-mandated operating restrictions.
- Capital outlay spending qualifying for capital asset treatment in the governmental activities statement of net position decreased from \$1,088,174 in the prior year to \$1,058,737 in the current year most of which was to begin the renovation project at Lawn Manor, as well as scheduled fleet replacements and infrastructure projects at the facilities.
- Depreciation expense increased by \$1,572,390, or 8.1 percent compared to 2020.
- The total OPEB liability, which is funded on a pay as you go basis, increased by \$620,922 in the current year.

##### Business-type Activities

Business-type activities decreased the District's net position by \$104,612. Major activities include:

- The Facilities Fund had its fifth consecutive year of reporting an operating loss. Revenues decreased by \$406,491 or 12.4% of the prior year while expenses also decreased by \$607,247; as a result of the COVID-19 pandemic, which decreased a significant portion of the Ice Arena and Racquet Center patron revenue while Stony Creek realized major increases from golf revenue.

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

#### Governmental Funds

Governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financial requirements. Governmental funds reported ending fund balances of \$4,845,770. Of these funds, \$38,866 is considered nonspendable as an offset against prepaid items and inventories. In addition, \$733,682, is restricted for liability insurance and audit. The remaining \$4,073,222 is either assigned for specific fund purposes or unassigned, indicating availability for continuing the District's operations.

The total ending fund balances of governmental funds shows an increase of \$2,376,931 from the prior year. The increase is primarily the result of an increase in the Capital Projects Fund of \$1,677,785 which resulted from a transfer in from the Debt Service Fund of short-term bond proceeds issued in fiscal year 2021.

#### Major Governmental Funds

The General, Recreation, Debt Service and Capital Projects Funds are the major governmental funds of the District.

The General Fund, which includes the Corporate, Liability, IMRF, Audit and Internal Services had a decrease in revenues of 2.5 percent, or \$73,236. Revenue from the miscellaneous sources decreased \$138,117 due primarily to lower yield on invested cash reserves.

The Recreation Fund revenues decreased by 35.9 percent, or \$1,545,532 primarily from lost revenues and refunds related to the state-mandated operating restrictions. Total expenditures decreased \$1,331,007 from the prior year, due to management's budget reduction plan to offset lost revenues.

The Debt Service Fund expenditures decreased in 2021 by 25.6 percent, or \$12,236 primarily from lower interest charged on outstanding bond issues.

Capital Projects Fund revenues decreased by \$53,795 due to the District receiving grant revenue of \$200,000 in 2021 compared to \$265,896 in 2020. Total expenditures decreased by 10.9 percent, or \$144,933, with capital outlay decreasing primarily due to deferring most major projects until the resumption of post-pandemic revenue stability.

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

#### Business-type Activities

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status.

#### Major Proprietary Funds

The Facilities Fund is used to account for the operation and maintenance of the District's: Stony Creek golf, and clubhouse business, the Ice Arena skating and hockey, and Racquet Center; tennis, fitness and gymnastics. The cost of these operation is expected to be recovered through user charges.

Total operating revenues decreased by \$406,491, or 12.4 percent, from \$3,265,822 in 2020 to \$2,859,331 in 2021; caused by state-mandated program restrictions from the pandemic.

Total operating expenses decreased by \$607,247, or 17.0 percent, \$3,571,190 in 2020 to \$2,963,943 in 2021. Management reduced its operating budget significantly to achieve cost-savings needed to offset the state's mandated program restrictions that disrupted normal patron revenues.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

During the 2021 budget year, the District did not revise the annual operating budget.

The General Fund is reported as a major fund, and accounts for the routine operations of the District. Revenues in the General Fund were \$2,827,817 which is less than budgeted by \$121,651. Expenditures were \$2,635,721, which were less than budget by \$602,001.

The General Fund's excess of revenues over expenditures before other financing uses was a surplus of \$192,096, which was more than budgeted expectations by \$480,350.

#### Debt Administration

The District follows a "pay as you go" philosophy to fund capital projects. Some capital projects accumulate monies over time to replace a major asset or improvement. Projects that are larger in nature or require funding in excess of funding available in the short-term would be financed with long-term debt.

The District currently has no long-term debt outstanding at April 30, 2021. Please refer to Note 3 in the notes to the financial statements for more detailed information.

The District is statutorily subject to a legal debt limit. The legal debt limit is based on 2.875% of the equalized assessed valuation of the property within the District's boundaries. The debt limitation at April 30, 2021 is \$32,842,223 and the District currently has employed just 6.5% of the debt limit in a one-year general obligation bond with no long-term bond or debt service obligations.

## **ECONOMIC FACTORS**

### **Factors Bearing on the District's Future**

Last year, the state imposed severe restrictions to operations that reduced facility operations and caused a general public hesitancy to return to normal patron programming. With the exception of Lawn Manor renovation, most capital projects have been deferred until the District returns to sustainable operations.

## **OAK LAWN PARK DISTRICT, ILLINOIS**

### **Notes to the Financial Statements April 30, 2021**

---

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Oak Lawn Park District (the District) of Illinois, incorporated December 8, 1944, is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois and under all laws amendatory thereto. The District operates under the board-manager form of government. The District provides a variety of facilities, programs, services, capital development and general administration.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

#### **REPORTING ENTITY**

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

#### **BASIS OF PRESENTATION**

##### **Government-Wide Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities. The District's facilities services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

##### Government-Wide Statements – Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (general government, recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.).

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

#### Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within each of the categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

##### Fund Financial Statements – Continued

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

##### Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

*General Fund* is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

*Special Revenue Funds* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains two special revenue funds. The Recreation Fund, a major fund, is used to account for the proceeds derived from, and the related costs incurred, in connection with the recreation programs offered by the District.

*Debt Service Funds* are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Financing is provided by the annual tax levy.

*Capital Projects Funds* are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District maintains one major capital projects fund, the Capital Projects Fund. The Capital Projects Fund is used to account for all resources used for the acquisition of capital assets by the District, except those financed by Proprietary Funds, including general and infrastructure capital assets.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### BASIS OF PRESENTATION – Continued

#### Fund Financial Statements – Continued

#### Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the District:

*Enterprise Funds* are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The District maintains one major enterprise fund. The Facilities Fund accounts for the revenues derived from and the expenses incurred in the operation of the District's 18-hole golf course and driving range, and related banquet facilities, the indoor ice rink facility, and the racquet club.

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

#### Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

## Notes to the Financial Statements April 30, 2021

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

##### Measurement Focus – Continued

All proprietary funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

##### Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the District’s enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION/FUND BALANCES

##### Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds' Statement of Cash Flows, cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

##### Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes and program fees. Business-type activities report program fees as their major receivables.

##### Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

##### Prepays/Inventories

Prepays/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

**ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION/FUND BALANCES – Continued**

**Capital Assets**

Capital assets purchased or acquired with an original cost of \$5,000 or more, depending on classification, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

|                            |               |
|----------------------------|---------------|
| Buildings and Improvements | 20 - 40 Years |
| Equipment                  | 5 - 20 Years  |
| Machinery and Equipment    | 5 - 20 Years  |

**Compensated Absences**

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**Deferred Outflows/Inflows of Resources**

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

##### Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

##### Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

#### NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

##### BUDGETARY INFORMATION

The District follows these procedures in establishing the budgets reflected in the financial statements:

- The Annual Budget and Appropriation Ordinance is prepared in tentative form, prior to April 30, by the Director and submitted to the Board of Commissioners for the upcoming fiscal year commencing May 1. A public hearing is held on the tentative Annual Budget and Appropriation Ordinance to obtain taxpayer comments.
- The Board of Park Commissioners may:
  - Amend the Annual Budget and Appropriation Ordinance in the same manner as its original enactment.
  - Transfer between items of any fund not exceeding in the aggregate 10% of the total amount appropriated in such fund. However, Board of Commissioners approval is required in order for management to make transfers between different funds.
  - After six months of the fiscal year, by two-thirds vote, amend the initially approved appropriation ordinance.
- Unused appropriations lapse at year end. Expenditures/expenses legally may not exceed the total of appropriations and beginning fund balance at the fund level.
- Annual budgets are adopted for the General, Special Revenue, Debt Service, Capital Projects and Enterprise Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Expenditures may not legally exceed budgeted appropriations at the fund level. Any expenditure in excess of the legally adopted appropriation must be approved by the Board through a supplemental appropriation. There were no supplemental appropriations during the year.
- The budget is prepared in accordance with the Illinois Park District Code and is derived from the combined annual budget and appropriation ordinance of the District. Working budgets are prepared for all governmental fund types. All budgets are prepared based on the annual fiscal year of the District. Budgetary funds are controlled by an integrated budgetary accounting system, in accordance with various legal requirements that govern the District.
- While expenditures exceeded budget in some of the funds, they did not exceed appropriations, which are typically 10% higher than budget in any fund.

**DEPOSITS AND INVESTMENTS**

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, the Illinois Funds, and the Illinois Park District Liquid Asset Fund.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Park District Liquid Asset Fund (IPDLAF) allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The IPDLAF is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the IPDLAF. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an investment company. Investments in the IPDLAF are valued at the share price, the price for which the investment could be sold.

##### DEPOSITS AND INVESTMENTS – Continued

*Deposits.* At year-end, the carrying amount of the District's deposits for governmental and business-type activities totaled \$7,912,040 and the bank balances totaled \$7,977,248. In addition, the District has \$366,718 invested in the Illinois Funds and \$1,188,289 invested in the IPDLAF at year-end.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with the investment policy, the District manages its interest rate risk by structuring its investment portfolios so that securities mature to meet cash requirements for ongoing operations, and investing primarily in short-term securities, money market mutual funds or similar investment pools. The District's investments in the Illinois Funds and IPDLAF have an average maturity of less than one year.

*Custodial Credit Risk.* In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy states that all deposits with financial institutions are fully insured, or shall be collateralized by the actual security held in safekeeping by the agent. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy does not address custodial credit risk for investments. The District's investments in Illinois Funds and IPDLAF are not subject to custodial credit risk.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's investment policy does not address credit risk. At year-end, the District's investments in the Illinois Funds and the investment in the IPDLAF are both rated AAAM by Standard & Poor's.

*Concentration Risk.* This is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not address concentration risk. At year-end, the District does not have any investments over 5 percent of total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

**PROPERTY TAXES**

The 2020 property tax assessment, which was levied in December 2020, will be collected in the calendar year 2021. Tax bills are prepared by Cook County and issued on or about February 1 and September 1, and are payable in two installments which become due on or about March 1 and September 1. The tax installment collection dates span two succeeding District fiscal years. For example, the first installment of the 2020 levy was collected in the spring of 2020 and was recognized as revenue for the fiscal year ended April 30, 2021. The second installment of the 2020 levy is due in the fall of 2021 and will be included as revenue for the fiscal year April 30, 2021.

## Notes to the Financial Statements April 30, 2021

### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### FUND BALANCE CLASSIFICATIONS

In the governmental fund financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

*Nonspendable Fund Balance.* Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

*Restricted Fund Balance.* Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

*Committed Fund Balance.* Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

*Assigned Fund Balance.* Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

*Unassigned Fund Balance.* Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

*Minimum Fund Balance Policy.* The District's policy manual states that the General Fund should maintain a minimum unassigned fund balance equal to three months of budgeted operating expenditures

**NOTE 4 – OTHER INFORMATION**

**RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to the District’s employees; and net income losses. The District has not incurred any liabilities during the current or prior fiscal years, with respect to insurance claims. Any settlements during the past three years have not exceeded the District’s coverage.

**Park District Risk Management Agency (PDRMA)**

Since 1991, the District has been a member of the Park District Risk Management Agency (PDRMA), a joint risk management pool of park and forest preserve districts, and special recreation associations, through which property, general liability, automobile liability, crime, boiler and machinery, public officials’ and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect for the period of January 1, 2021 through January 1, 2022:

#### RISK MANAGEMENT – Continued

##### Park District Risk Management Agency (PDRMA) – Continued

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the Park District is represented on the Property/Casualty Council and Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's balance sheet at December 31, 2020 and the statement of revenues and expenses for the period ending December 31, 2020. The District's portion of the overall equity of the pool is 1.257% or \$713,647.

|--|--------------|
| Assets                                   | \$76,433,761 |
| Deferred Outflows of Resources - Pension | 1,015,561    |
| Liabilities                              | 19,892,387   |
| Deferred Inflows of Resources - Pension  | 798,816      |
| Total Net Position                       | 56,758,119   |
| Operating Revenues                       | 19,454,155   |
| Nonoperating Revenues                    | 4,109,196    |
| Expenditures                             | 16,158,333   |

Since 89.98% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

#### NOTE 4 – OTHER INFORMATION – Continued

#### CONTINGENT LIABILITIES

##### Financial Impact from COVID-19

In March 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the District's operations and financial position cannot be determined.

##### Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

##### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

The District contributes to one defined benefit pension plan, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained on-line at [www.imrf.org](http://www.imrf.org). The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

#### Illinois Municipal Retirement Fund (IMRF)

##### Plan Descriptions

*Plan Administration.* All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

**Illinois Municipal Retirement Fund (IMRF) – Continued**

*Benefits Provided.* IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff’s Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2020, the measurement date, the following employees were covered by the benefit terms:

|  |                   |
|--|-------------------|
| Inactive Plan Members Currently Receiving Benefits               | 71                |
| Inactive Plan Members Entitled to but not yet Receiving Benefits | 72                |
| Active Plan Members  | <u>54</u>         |
| Total  | <u><u>197</u></u> |

*Contributions.* As set by statute, the District’s Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended April 30, 2021, the District’s contribution was 8.33% of covered payroll.

*Net Pension Liability.* The District’s net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

*Actuarial Assumptions.* The total pension liability was determined by an actuarial valuation performed, as of December 31, 2020, using the following actuarial methods and assumptions:

|                            |                     |
|----------------------------|---------------------|

| Cost of Living Adjustments | 2.25%               |
| Inflation                  | 2.25%               |

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

**EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued**

**Illinois Municipal Retirement Fund (IMRF) – Continued**

*Actuarial Assumptions – Continued.* The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| Asset Class               | Target | Long-Term<br>Expected Real<br>Rate of Return |
|---------------------------|--------|--|
| Fixed Income              | 28.00% | 3.25%  |
| Domestic Equities         | 37.00% | 5.75%  |
| International Equities    | 18.00% | 6.50%  |
| Real Estate               | 9.00%  | 5.20%  |
| Blended                   | 7.00%  | 3.60% - 7.60%                                |
| Cash and Cash Equivalents | 1.00%  | 1.85%  |

**Discount Rate**

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

**Discount Rate Sensitivity**

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the District calculated using the discount rate as well as what the District’s net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

**OTHER POST-EMPLOYMENT BENEFITS**

**General Information about the OPEB Plan**

*Plan Description.* The District’s defined benefit OPEB plan, Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

*Benefits Provided.* Eligible retirees and their dependents are provided with the same medical, dental, and vision coverage they had when they were employed. The District pays the entire premium for retirees in the HSA Plan and HMO Plan, and approximately 82% of the premium for those in the PPO plan until the attainment of Medicare eligibility age. The District pays 75% of the retiree premium for Medicare eligibility ages. Spouse coverage is provided on a pay-all basis for all ages. Those with less than 20 years of service at retirement may continue coverage on a pay-all basis, per IMRF continuation rules. Coverage is also available for eligible dependents on a pay-all basis. Coverage can continue upon the participant reaching Medicare eligibility. Coverage for dependents can continue upon the death of the retiree given that contributions continue.

*Plan Membership.* As of April 30, 2021, the measurement date, the following employees were covered by the benefit terms:

|  |                  |
|--|------------------|
| Inactive Plan Members Currently Receiving Benefits               | 40               |
| Inactive Plan Members Entitled to but not yet Receiving Benefits | -                |
| Active Plan Members  | <u>15</u>        |
| Total  | <u><u>55</u></u> |

**Total OPEB Liability**

The District’s total OPEB liability was measured as of April 30, 2021, and was determined by an actuarial valuation as of that date.

*Actuarial Assumptions and Other Inputs.* The total OPEB liability in the April 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

## **OTHER SUPPLEMENTARY INFORMATION**

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – Major Governmental Funds
- Budgetary Comparison Schedule – Nonmajor Governmental Fund
- Budgetary Comparison Schedule – Enterprise Fund

## **INDIVIDUAL FUND DESCRIPTIONS**

---

### **GENERAL FUND**

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

---

### **SPECIAL REVENUE FUNDS**

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditures for specified purposes.

#### **Recreation Fund**

The Recreation Fund is used to account for the proceeds derived from, and the related costs incurred, in connection with the recreation programs offered by the District.

#### **Special Recreation Fund**

The Special Recreation Fund is used to account for the Special Recreation operations of the District. Financing is provided from a specific annual property tax levy.

---

### **DEBT SERVICE FUND**

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Financing is provided by the annual tax levy.

---

### **CAPITAL PROJECTS FUND**

The Capital Projects Fund is used to account for all resources used for the acquisition of capital assets by the District, except those financed by Proprietary Funds, including general and infrastructure capital assets.

---

### **ENTERPRISE FUND**

The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

#### **Facilities Fund**

The Facilities Fund is used to account for the revenues derived from and the expenses incurred in the operation of the District's 18-hole golf course and driving range, and related banquet facilities, the indoor ice rink facility, and the racquet club.

Note: The 2020 property tax assessment, which was levied in December 2019, will be collected in the calendar year 2021. Tax bills are prepared by Cook County and issued on or about February 1 and September 1, and are payable in two installments which become due on or about March 1 and September 1. The tax installment collection dates span two succeeding Park District fiscal years. For example, the first installment of the 2020 levy was collected in the spring of 2020 and was recognized as revenue for the fiscal year ended April 30, 2021. The second installment of the 2020 levy is due in the fall of 2021 and will be included as revenue for the fiscal year April 30, 2022.

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the District's taxable assessed value that is within the boundaries of the government and dividing it by the government's total assessed value.
